Purpose of Government	Protect the natural or unalienable rights of each individual. <i>"That all men are created equal, that they are endowed by their creator with certain unalienable rights ..."</i>	Control the individual for the greater good of a global community. <i>"Rights and freedoms may in no case be exercised contrary to the purposes and principles of the United Nations..."</i>
In short	You're born with rights, government exists to protect them. You and the product of your labor belong to you.	Government grants, restricts, or withdraws your rights according to its needs. You and the product of your labor belong to the community.
